PROFESSIONAL SUMMARY

Second-year Computer Engineering student (CGPA: 9.43/10) with a strong foundation in Java, Data Structures & Algorithms, and front-end web development. Proven ability to build and deploy responsive, well-structured web projects using HTML, CSS, and JavaScript, backed by consistent, disciplined DSA practice. Currently expanding into full-stack development with React.js and seeking a Software Development Internship to apply and grow these skills in a real engineering environment.

EDUCATION

JSPM's Rajarshi Shahu College of Engineering

Pune, Maharashtra

Bachelor of Technology in Computer Engineering · Savitribai Phule Pune University (SPPU) Expected Graduation: 2029

CGPA: 9.43 / 10.0 | Second Year, Computer Engineering

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, HTML5, CSS3

Core Computer Science: Data Structures & Algorithms, Object-Oriented Programming, Problem Solving, Responsive Web Design

Tools & Platforms: Git, GitHub, VS Code, GitHub Pages

Currently Learning: React.js, Full-Stack Development

PROJECTS

Personal Portfolio Website

HTML · CSS · JavaScript · GitHub Pages

- Designed and developed a fully responsive personal portfolio website, ensuring consistent rendering and usability across mobile, tablet, and desktop viewports.
- Implemented a modern glassmorphism-based UI with clear visual hierarchy to professionally present projects, technical skills, and coding profiles.
- Integrated direct links to GitHub and LinkedIn profiles to improve accessibility for recruiters and strengthen personal branding.
- Deployed and version-controlled the site using GitHub Pages, maintaining a live, publicly accessible portfolio.

Java DSA Practice Repository

Java · Git · GitHub

- Built and actively maintain a structured, topic-wise public GitHub repository of Java solutions covering core Data Structures & Algorithms concepts.
- Practiced consistent, disciplined problem-solving in Java to strengthen algorithmic thinking and prepare for technical interviews.
- Applied Git version control to organize, track, and document solutions across multiple DSA topics for easy review and reuse.

ACHIEVEMENTS

- Maintained a CGPA of 9.43/10 during the first year of B.Tech in Computer Engineering.
- Built and deployed a professional personal portfolio website, live and publicly accessible via GitHub Pages.
- Consistently practice Data Structures & Algorithms in Java through a self-maintained, topic-wise public repository.
